SAN CARLO GRAND OPERA COMPANY

Creditable reports from other cities where the San Carlo Grand Opera Company has been lately holding forth indicate that this, the most famous of all traveling lyric organizations, which is due to open at the Curran February 2nd, is enjoying the most brilliant season of its career. Impresario Fortune Gallo has assembled in his edifice of song the finest operatic artists available. In the company we find names to conjure with, names of stars whose reputations reach far beyond the ocean-bound coasts of America, to famed lyric centers across the Atlantic, and to the Latin countries of the continent bordering our own on the south. In addition there will be the usual splendid San Carlo supporting cast, with Fulgenzio Guerrieri as musical director of the entire ensemble.

Imperial Hair Regenerator

The Standard Hair Coloring for Gray or Bleached Hair

is recognized the world over as the ONLY preparation which restores GRAY HAIR to its original color or that will make BLEACHED HAIR any shade desired from Black to the lightest Ash Blonde without affecting the hair, health or scalp, and free from the injurious ingredients contained in cheap, obnoxious dyes.

The colors produced are durable and natural. Its application cannot be detected; is unaffected by shampooing, Turkish baths or perspiration, leaves the hair soft and glossy, does not affect any natural curve or wave of the hair and is absolutely harmless.

It is equally good for the beard and moustache.

Sample of your hair colored free; correspondence invited and strictly confidential.

PAVLOWA'S FAREWELL TOUR

When Pavlowa comes to the Curran for the week commencing Monday, March 2, it will be for the last time. The great dancer announces this as positively her first and final "farewell" tour of the United States, voicing her intention to reside near her aged mother in London and hereafter to confine her dancing activities almost entirely to that city and Paris.

On this tour Pavlowa will be accompanied by her complete Ballet Russe and Symphony Orchestra, and will have the support of two leading male dancers—Laurent Novikoff and Alexandre Volinine. Favorite ballets and divertissements for which she is noted will this season be supplemented by the new "Don Quixote" ballet, the subject of much admiring comment for the way in which colors have been beautifully blended and contrasted, the "Romance of a Mummy" and "La Fille mal Gardee," from the humorous French story "The Unprotected Damsel"—all combining to make the incomparable Anna's farewell to San Francisco one to linger long in memory. As usual, she comes to San Francisco under Selby C. Oppenheimer's management.

Let us ship a box of California Flowers to your Eastern friends. Guaranteed to arrive in good condition.
